Profile

Dynamic Sales-Purchase and Logistics Executive with a focus on financial growth and operational efficiency. Proven expertise in sales management, client relationship handling, logistics coordination, and import management. Known for strategic planning, negotiation skills, and delivering results in high-pressure environments.

Work Experience

Commercial Manager | Premium Petro Products
(Sept. 2020 – April 2026)

- **Product Portfolio:** Handled Bituminous Products, PVC (polyvinyl chloride), Lubricant Products, and Petrochemical Products across sales, purchase, logistics, and supply chain operations.
- **Sales Management**: Successfully managed sales operations, driving significant revenue growth by identifying new market opportunities and executing effective sales strategies.
- **Client Relationship Handling:** Built and maintained strong relationships with key clients, ensuring a high level of service that led to repeat business and long-term contracts.
- **Logistics Coordination:** Oversaw the logistics process, including coordinating shipments, managing delivery schedules, and ensuring timely delivery of products to clients, enhancing overall customer satisfaction.
- **Port Stock Operation Handling**: Managed port stock operations, including inventory control and product movement, ensuring seamless operations and compliance with regulatory standards.
- **Import Management**: Handled the entire import process, from order placement to customs clearance, optimizing supply chain efficiency and reducing import-related costs.
- **Purchase Management**: Led the procurement of raw materials, negotiating with suppliers to secure the best prices and terms, contributing to cost-saving initiatives.
